OUR HISTORY

Daniel Puder is the Founder of My Life My Power Institute, Superintendent of MLMPI Prep Academy School System School System, My Life My Power World Inc. 501(c)3 Non-Profit. Puder is a retired professional athlete (Undefeated Mixed Martial Arts Fighter, WWE's \$1,000,000 Tough Enough Champion), and World Weightlifting Champion, who has a story of overcoming challenges and adversity when he was younger. After much success, he decided to use his celebrity title in a way that could truly make a difference in the lives of our youth and communities around the world. After working with the DJJ, Foster Care, with Law Enforcement and in the School Systems we saw a need to create a sustainable model with a new type of school system to provide a solution for students in need of Emotional Intelligence curriculum, mentorship, vocational support, and credit recovery. We set out to find a solution for these students to be able to fulfill their educational journey in a supportive environment. We provide the students with a flexible schedule, MLMP's evidence-based (SEL/EQ) Vision and Purpose-driven Mentorship GPS for Life Curriculum, health coaching, life skills, job, financial, and vocational training. The MLMPI PA School System plans to open up more Emotional Intelligence based schools to continue to serve youth around the country.

PROGRAM DESCRIPTION

The MLMPI Prep Academy School System is a Private System of Schools. We service grades 6-12th grade and the students will accelerate and complete their credit requirements digitally, choose from different weekly schedule options, 1-2 full school days per week with MLMP trained Mentors and have access to the many resources MLMP provides including professional job/interview coaching, health / wellness coaching, after school programs, summer camps, and more. MLMPI Prep Academy School System bases learning strategies on Academic Plans individually developed for each student by our multidisciplinary staff within each school. Compensatory Learning strategies are generated from psycho-educational evaluations, previous school records, diagnostic skills assessments, observations, communication with other professionals involved with the student and our continuing experiences with the student.

MLMPI Prep Academy School System is committed to a comprehensive program design that is multifaceted to meet the needs of each child. the overall purpose and goal is to provide a System of Schools that have a carefully structured environment within a warm, supportive atmosphere. We use the evidence based GPS FOR LIFE Emotional Intelligence Curriculum to foster self awareness, build self esteem, increase accountability, resiliency and promote civic leadership and engagement. Weekly mentor speakers and opportunities are conducted throughout the year, in each school, which will allow students and parents the opportunity to understand and utilize our philosophy and techniques.

“Success is what happens to us.. and Significance is what happens through us”

~Daniel Puder

VISION

By providing exceptional mentorship, leadership, support, and dynamic SEL/EQ curriculum, MLMPI Prep Academy School System will offer a stimulating and challenging learning environment that utilizes technology across the entire curriculum, which maximizes individual potential and ensures that students of all ability levels are well equipped for becoming successful in life by being significant.

MISSION

MLMPI Prep Academy School System is an emotional intelligence and mentorship-based educational community dedicated to the academic, physical, and social growth of all students by teaching to the “whole child” and fostering an environment where significance breeds success.

CORE VALUES
