## **LIFE SKILLS + PREVENTION PROGRAM**

GPS for SUCCESS is a life skills and prevention program currently in schools and communities nationwide that utilizes Emotional Intelligence-embedded programming created by My Life My Power Institute. Basically, we aim to “shift the conversation” and create a new focus for youth to remain committed to in school and life.

Through GPS FOR SUCCESS, we strive to motivate and inspire youth on what is possible using our 5 core principles:

- Vision
- Purpose
- Mission
- Team
- Commitment

Our approach helps empower youth to be more intrinsically driven, self-aware, focused in life, equipped to work through life’s challenges, develop resiliency skills, and commit to staying drug-free!
